

Christopher B. Wall

Curriculum Vitae

Postdoctoral Researcher – Shurin Laboratory
 University of California San Diego, San Diego, CA, USA
 cbwall@ucsd.edu • www.coraloha.com • github.com/cbwall

RESEARCH INTERESTS

Coral reefs; marine and freshwater ecology; stable isotopes and biogeochemistry in aquatic systems; symbioses; trophic ecology; physiological ecology; host-associated microbiomes and microbial ecology; nutrient fluxes in host-symbiont interactions; heatwaves; climate change; fire impacts on inland waters

PROFESSIONAL APPOINTMENTS

Research appointments

2021 – Postdoctoral Researcher, University of California, San Diego
 2021 – Affiliate Researcher, University of Hawai'i at Mānoa, Department of Earth Sciences
 2019 – 2021 Postdoctoral Researcher, Pacific Biosciences Research Center, UH-Mānoa
 2016 Denise B. Evans Research Fellow in Oceanographic Research, UH-Mānoa
 2015 – 2019 Environmental Protection Agency (EPA) STAR Research Fellow, UH-Mānoa

Teaching appointments

2022 – Adjunct Professor, Dept. of Mathematics and Natural Sciences, National University
 2021 Adjunct Professor, Dept. of Interdisciplinary Studies, Cal State Univ, Dominguez Hills
 2013 – Adjunct Professor, Life Sciences Department, Santa Monica College

EDUCATION

2019 Ph.D. Marine Biology, University of Hawai'i at Mānoa
 Dissertation: *Environmental and biological effects on nutritional mode and resource partitioning in scleractinian corals*. Chairs: Drs. Ruth Gates and Megan Donahue

2012 M.Sc. Biology, California State University Northridge
 Thesis: *Effects of temperature and ocean acidification on juvenile scleractinian corals*
 Chair: Dr. Peter Edmunds

2008 B.Sc. Biology, minor Chemistry, *Summa Cum Laude*, University of North Texas
 Research topic: *Symbiosis between arbuscular mycorrhizal fungi and wetland plants*

2005 A.Sc. North Lake College

PUBLICATIONS (*denotes undergraduate student advisee) citations: 746 h-index: 15 i10-index: 17

FELLOWSHIPS, RESEARCH GRANTS, SCHOLARSHIPS

(Total \$207,700)

Awarded

\$1,000	Cal-State Office of Chancellor, Equity-Minded Pedagogy (2023)
\$2,000	Distance Education Faculty Mentor, Santa Monica College (2020)
\$1,000	UH Graduate Student Organization grant (2019)
\$1,000	Peter Castro Travel Scholarship (2019)
\$1,200	IsoCamp2018, NSF Scholarship (2018)
\$1,000	Best Paper: 42 nd Albert L. Tester Symposium, UH Mānoa (2017)
\$28,000	Denise B. Evans Fellowship in Oceanographic Res. (SOEST, UH Mānoa) (2016)
\$132,000	Environmental Protection Agency (EPA) STAR Fellowship (2016 – 2019)
\$2,500	Marine Biology Program Student Grant; UH Mānoa (2015)
\$10,500	Col. Willys E. Lord & Sandina L. Lord Endowed Scholar.; UH Mānoa (2014 – 2018)
\$2,500	Santa Monica College Faculty Fellowship (2014)
\$1,000	Arthur & Beatrice Harris Endowment Graduates Scholarship; UH Mānoa (2014)
\$6,000	Edmondson Research Grant; UH Mānoa (2013, 2014, 2016)
\$6,000	Graduate Opportunity Grant; UH Mānoa (2013 – 2016)
\$2,000	California State University Grant; CSUN (2011)
\$1,000	Thesis Support Fellowship; CSUN (2011)
\$2,000	Graduate Equity Fellowship Grant ; CSUN (2010-2011)
\$1,000	Student Travel Award; Society of Wetland Scientist Regional Conference (2008)
\$1,000	Honors College Scholarship; UNT (2006)
\$5,000	Transfer Student Scholarship; UNT (2005 – 2006)

Submitted/not recommended for funding

2019	NSF Postdoctoral Research Fellowship in Biology, Broadening Participation of Groups Underrepresented in Biology (2019). “ <i>Microbial symbionts as drivers of marine sponge nutrition and niche space.</i> ” (\$207,000, not funded)
------	---

HONORS and AWARDS

2021	Outstanding Peer Reviewer, <i>Limnology and Oceanography</i>
2018	UH Mānoa Biology Photography Contest, <i>People and Environment</i>
2017	Best Paper: 42 nd Albert L. Tester Symposium, UH Mānoa
2016	Eco-Steward, IUCN-UH Mānoa East-West Center, IUCN World Congress
2015	Sigma Xi, <i>Full Membership</i>
2013	NSF Graduate Research Fellowship Program, <i>Honorable Mention</i>
2008	<i>Summa Cum Laude</i> , University of North Texas

RESEARCH EXPERIENCE

2021 –	<i>Postdoctoral Researcher</i> , University of California San Diego Alpine Lake ecology, study of plankton-associated microbiomes, pyrogenic impacts on aquatic systems, ecology of environmental and host-associated microbial communities, trophic transfer efficiency in aquatic food webs.
2019 – 2021	<i>Postdoctoral Researcher</i> , Pacific Biosciences Research Center, UH Mānoa Plant-fungi symbioses, microbiome-inoculation, axenic plant culturing and microbiome-mediate physiological resilience
2015	<i>Research Contractor</i> , State of Hawai‘i Division of Aquatic Resources, Lead: Brian Nielson. Assessing the success of management strategies to remove invasive algae in Kāne‘ohe Bay, O‘ahu. Statistical analyses, publication of research
2015	<i>Researcher</i> , National Oceanic and Atmospheric Administration Rapid Assessment and Monitoring Program research cruise Papahānaumokuākea Marine National Monument, NOAA Research Vessel Hi‘ialakai; Chief Scientist: Scott Godwin Stable isotopes and patterns of coral-Symbiodiniaceae community distribution

- 2013 – 2019 *Research assistant*, Dr. Ruth Gates, Hawai‘i Institute of Marine Biology. Coral energetics, stable isotope biogeochemistry, and nutritional flexibility in corals
- 2010 – 2012 *Research assistant*, Dr. Peter Edmunds, Edmunds Polyp Laboratory, CSU Northridge. Physiological effects of ocean acidification and temperature on juvenile reef corals in Mo‘orea French Polynesia and Taiwan.
- 2009 – 2010 *Research technician*, Dr. Ione Hunt von Herbing, Laboratory for Marine Conservation Physiology University of North Texas. Multi-trophic marine aquaculture and biofiltration techniques.
- 2008 – 2010 *Research technician*, Dr. Kevin Stevens, Wetland Ecology Research Group, University of North Texas. Ecology of vegetation and seed banks in wetlands.
- 2007 – 2008 *Research assistant*, Dr. Kevin Stevens, University of North Texas. Effects of mycorrhiza fungi and soil inundation on wetland seedling.
- 2005 *Research assistant*, Hawaiian Field Studies Program, North Lake College

PROFESSIONAL TRAINING

- 2023 Equity-Minded Pedagogy, California State University, Office of the Chancellor
- 2022 10th Annual Yosemite Symbiosis Workshop. Sierra Nevada Research Institute, Wawona, Yosemite National Park; University of California Merced
- 2022 ACUE Microcredential Course in Promoting Active Learning Online
- 2019 9th Annual Yosemite Symbiosis Workshop. Sierra Nevada Research Institute, Wawona, Yosemite National Park; University of California Merced
- 2018 IsoCamp 2018, University of Utah Stable Isotope Biogeochemistry and Ecology with Lab (BIOL 7473, BIOL 7475)
- 2017 7th Annual Yosemite Symbiosis Workshop. Sierra Nevada Research Institute, Wawona, Yosemite National Park; University of California Merced
- 2017 STEM mentorship workshop. UH Mānoa-SOEST, hosted by Dr. Becky Packard
- 2016 Hawai‘i Coral Bleaching Collaborative Division of Aquatic Resources, National Oceanic and Atmospheric Administration Coral Reef Task Force, Hawai‘i Institute of Marine Biology Univ. of Hawai‘i Mānoa
- 2014 pH and Autonomous Ocean Sensor Workshop. University of California San Diego Scripps Institute of Oceanography and Woods Hole Oceanographic Institute.
- 2013 EarthCube Domain Workshop: Developing a Community Vision of Cyberinfrastructure (NSF), Hawai‘i Institute of Marine Biology
- 2012 Environmental Proteomics Workshop (NSF) California Polytechnic University, San Luis Obispo; sponsored by Dr. Lars Tomenak
- 2012 Tropical Coral Reefs of the Future (focus on coral physiology) National Center for Ecological Analysis and Synthesis (NCEAS) Working Group

TEACHING EXPERIENCE

Instructor

- 2022 – Dept. of Mathematics and Natural Sciences, National University
Survey of Biosciences (BIOL-100): 1 semester
Oceanography (EES-322): 3 semesters
Geography (SCI-300): 1 semester
General Biology (BIO-163): 1 semester
- 2021 Department of Interdisciplinary Studies, California State University Dominguez Hills
Special Topics in Interdisciplinary Studies: Endangered Species (IDS 350-41): 1 semester
- 2013 – Life Sciences, Santa Monica College
Marine Biology non-laboratory (BIOL 15N-online): (40+ semesters: Spr, Summ, Fall, Wint)

Introduction to Plant Biology with laboratory (Botany 1): *1 semester*
 Marine Biology non-laboratory (BIOL 15N): *1 semester*

Teaching Assistant

- 2018 – 2019 Center for Teaching Excellence, UH Mānoa
 Instruction for graduate students in teaching laboratory science course: *4 semesters*
- 2017 – 2019 Department of Oceanography, UH Mānoa
 Science of the Sea, Laboratory (OCN 201L): *4 semesters*
Head TA of 4–6 sections: Science of the Sea, Laboratory (OCN 201L): 3 semesters
- 2013 – 2016 Department of Biology, UH Mānoa
 Introduction to Biology Laboratory (BIOL 171L): *3 semesters*
 Marine Biology Graduate Program core curriculum (MBIO 601): *1 semester*
 Advanced Topics in Marine Biology (BIOL 404): *2 semesters*
- 2005 Hawai'i Field Studies, North Lake College
- 2003 – 2008 North Lake College, Science Center
 Subjects: botany, biology, geology, chemistry

Guest Lectures

- 2023 University of New Mexico, Newsome Lab
Alpine Lake Ecology and Plankton Microbiomes
- 2020 Utah Valley University, Intro to Data Analysis (BIOL 3100)
R-markdown and reproducible science
- 2020 California State University Channel Islands, Field Methods (ESRM 351)
Methods in coral reef physiological ecology
- 2019 UH Mānoa, Stable Isotope Biogeochemistry (GG/ERTH 639)
Stable isotopes resolve coral trophic interactions
- 2019 UH Mānoa, Field Problems in Marine Biology (ZOOL 403)
Stable isotopes in marine food webs
- 2018 – 2023 UH Mānoa, Corals and Coral Reefs (BIOL 410)
 2018: *A song of stress and acclimation: Unraveling nutritional plasticity in corals*
 2019: *Studying nutritional ecology of reef corals*
 2020: *The chemistry of corals*
 2022: *New frontiers in the study of coral nutrition*
 2023: *Coral nutrition, biomass, and trophic plasticity*
- 2016 – 2019 Kapi'olani Community College (Honolulu, HI)
 2016: *What's in the water? How ocean chemistry and temperature affect reef corals*
 2017: *Nutritional flexibility in corals: unraveling the biological response*
 2018: *Coral bleaching: Causes and consequences*
 2019: *Nutritional plasticity and tissue biomass: metrics for reef coral physiological resilience*
- 2016 – 2018 Frederica Academy (St. Simons Island, GA), 10th grade, Skype lecture
 2016: *Climate change and the biology of coral reefs*
 2017: *Ocean acidification and its impact on marine organisms and ecosystems*
 2018: *Environmental stress and the study of reef corals*
- 2016, 2018 UH Mānoa, Advanced Topics in Marine Biology (BIOL 404)
 2016: *Coral bleaching in Hawai'i: Impacts of the 2014–2015 El Niño event*
 2018: *Coral bleaching an recovery: effects on biomass and nutritional states*
- 2016 Coppell High School (Coppell, TX), 12th grade, Skype lecture
Introduction to Coral Reefs
- 2014, 2015 North Lake College (Irving, TX) Introduction to Biology (BIOL 1407), Skype lecture
 2014: *From community college to community ecology: The taxis of a scientist to the sea*
 2015: *Lessons for success in science higher education*

STUDENT MENTORSHIP

38 students: 8 grad., 20 undergr., 9 mid/high school – 25 woman; 9 people of color; *student coauthors

Graduate Committee Member

2023 Mario Kaluhiokalani, MSc, University of Hawai'i Mānoa*, Department of Earth Sciences

Graduate students (co-mentored)

2023 Gabriela Freedman, University of California San Diego
 2022 Madeline Perreault, MSc, University of California San Diego*
 2022 Evelyn Diaz, MSc, University of California San Diego*
 2021 Cody Spiegel, MSc, University of California San Diego*
 2018 Madeline Piscetta, MSc, University of Miami RSMAS*
 2018 Rebecca Kitchen, MSc, Northeastern University*
 2016 Teegan Innis, MSc, Northeastern University*

Undergraduate students

2023 Samantha Tsang, University of California San Diego
 2023 Yerin Go, University of California San Diego
 2023 Troy Weldon, University of California San Diego*
 2023 Ananya Giri, University of California San Diego*
 2022 Sierra Vasquez, University of California San Diego*
 2022 Ethan Shane, University of California San Diego*
 2022 Eugene Kim, University of California San Diego*
 2022 Kirby Inocente, University of California San Diego
 2022 Tristie Le, University of California San Diego
 2022 Ari Brisco-Schofield, University of California San Diego*
 2021 Keeley Lanigan, University of California San Diego*
 2021 Cindy Tran, University of California San Diego*
 2018 Pansa Cecchini, Hawai'i Pacific University
 2017 Christian Marin, Hawai'i Pacific University
 2017 Mario Kaluhiokalani, Humboldt State University*
 2016 Kelly Wyrick, post-baccalaureate, University of Kentucky
 2016 Alexandra Wen, Duke University*
 2016 Ann Pace, Univ. of California Los Angeles School for Theater, Film, and Television
 2015 William Ellis, Undergraduate, Northeastern University*
 2015 Dylan Comb, Undergraduate, Northeastern University

Middle school and high school students

2017 Bethany Lum, 12th grade, 'Iolani School, Honolulu, HI
 Project: Are there limits to 'coral safe' sunscreen?
 2017 Haley Otto, 7th grade, School for Examining Essential Questions of Sustainability:
 SEEQS (Honolulu, HI).
 Project: Concentration dependent effects of sunscreen on corals
 2016 Marco Conati and Ethan Li, 12th grade Minnetonka High School (Minnetonka, MN)
 Remote mentor for high school science research
 Project: Temperature and heterotrophy in thermally bleached *Aiptasia* sp. anemones
 2016 Kaci Muromoto, 7th grade, Mid-Pacific Institute (Honolulu, HI)
 Project: Does exposure time determine sunscreen pollution effects on corals?
Awards: Advanced to National Science Fair; Hawai'i State Science Fair: American
 Chemical Society Award, 1st in Biochemistry, 3rd in Chemistry
 2016 Sami Thomas, 11th grade Coppell High School (Coppell, TX)
 Coral science project mentor International Baccalaureate Diploma
 2015 – 2016 Gabbie Owen-Mendonca, 7th grade, School for Examining Essential Questions of
 Sustainability: SEEQS (Honolulu, HI)
 Project: Chronic exposure to sunscreen causes coral mortality and bleaching

- 2015 Kennedy Flores, 8th grade Mid-Pacific Institute, Honolulu, HI
Project: *Symbiodinium* diversity among reef patches in Kāneʻohe Bay, Oʻahu
Awards: Advanced to National Science Fair
- 2014 Zoe Chan, 8th grade Mid-Pacific Institute, Honolulu, HI
Project: Potential for sunscreen to cause coral bleaching in *Pocillopora damicornis*
Awards: Advanced to Hawaiʻi State Science Fair

EDUCATIONAL OUTREACH

- 2024 Panelist, Biological Sciences Student Association UCSD mentorship program
What I wish I had known as an undergraduate?
- 2023 California Ecology and Conservation: *Ecology research from undergrad through grad studies*
- 2020 Koko Head Elementary School: *Coral reef in the face of local and global change*
- 2020 PhDrinking Sci-com podcast: Cold brews and cool water make for happy corals
(and coral biologists)
- 2019 Nerd Nite Honolulu: *What can stable isotopes teach us about life and our planet*
- 2018 Science outreach short film *What is a marine biologist?*
- 2018 Thomas Jefferson Elementary, Falls Church, VA. *How do I become a marine biologist?*
- 2018 *Chasing Coral* Scientific Panelist, LeJardin Academy, Kailua, HI
- 2018 Hawaiʻi Middle School Science Fair, Honolulu Convention Center
- 2017, 2018 Hawaiian Field Studies Program (Lihue, HI), North Lake College, Irving, TX
Coral reefs under ocean warming and acidification
- 2017 UH Mānoa SOEST Open House: *Understanding the Coral Complex*
- 2017 – 2019 Hanahauʻoli School (Honolulu, HI), kindergarten and 1st grade.
Water is life, but what lives in the water?
- 2017 Film contributor “PonoH₂O” video, Ala Wai restoration initiative
- 2017 Waikiki Aquarium Science Seminar: *Acidic Seas: Understanding the Threat of Ocean Acidification for Marine Life and Coral Reefs*
- 2017 UH-SOEST high school outreach: Biodiversity within invasive algae mats
- 2017 UH Isdell Center for Global Leadership, Pace Academy (Atlanta, GA), 12th grade
Topics in coral conservation: ocean acidification
- 2017 Waikiki Aquarium, HIMB, JABSOM, *The Science of the Sting*
- 2017 Honolulu Museum of Art School, STEAM with Queen Kaʻahumanu 1st grade class
- 2017 Punahou School (Honolulu, HI) “Scientist for a Day” with the Gates Lab at HIMB
- 2016 Nuʻuanu Elementary School (K-5) (Honolulu, HI)
Original content for STEM educational video: *Careers in Science: A Marine Biologist*
- 2016 Science project advising: Moanalua High School (Honolulu, HI)
- 2016 Honolulu Museum of Art School, STEAM with Queen Kaʻahumanu 1st grade class
- 2016 “Talk story with a scientist”, science career advising. Kula Kaiapuni 'O Ānuenuē
Hawaiian Cultural Immersion School (Honolulu, HI)
- 2016 School for Examining Essential Questions in Sustainability: SEEQS (Kahala, HI)
Gates Lab and HIMB coral education interactive tour (53 students)
- 2016 Pacific Island Institute, marine biologist snorkel tour at Kuilima Cove
- 2016 Hawaiian Field Studies Program (Irving, TX), Hawaiʻi Institute of Marine Biology
Stressed in paradise: Coral bleaching in Hawaiʻi and mechanisms of stress resilience
- 2016 Leihoku Elementary School (Waiʻanae, HI); 6th grade, guest speaker: *Local and global stressors on coral reefs in Hawaiʻi*
- 2016 Career Day guest speaker, Kula Kaiapuni 'O Ānuenuē Hawaiian Cultural Immersion
Elementary School (Honolulu, HI).
Coral research in the Main and Northwestern Hawaiian Islands

- 2016 OPIHI (Our Project In Hawaii's Intertidal) citizen science project; biological science assistant and education volunteer; Mid Pacific Institute (Honolulu, HI) and The University Laboratory School (Honolulu, HI)
- 2015 Hawaiian Field Studies Program (Lihue, HI), North Lake College, Irving, TX
Physiological resilience in reef corals: The role of nutritional flexibility
- 2015 Generation of open access, digital reefscape for coral reef education and outreach
- 2015 University of Hawai'i at Mānoa, School of Ocean and Earth Sciences and Technology, Open House community outreach event
- 2015 Career Day guest speaker, Kula Kaiapuni 'O Ānuenue Hawaiian Cultural Immersion School (Honolulu, HI)
- 2014 Hawaiian Field Studies Program (Lihue, HI), North Lake College, Irving, TX
- 2014 Kailua Intermediate School (Kailua, HI); 7th grade science fair judge
- 2014 Mid-Pacific Institute (Honolulu, HI); 8th grade science fair judge
- 2014 Hanauma Bay Lecture Series
- 2014 Hawai'i Institute of Marine Biology education and community outreach volunteer
- 2014 Hawaiian Field Studies Program, North Lake College (Irving, TX); volunteer
- 2012 Sun Valley High School (Sun Valley, CA); guest lecturer: *A sea of change: Ocean acidification and the future of coral reefs*
- 2011 Viewpoint School (Calabasas, CA); guest lecturer: *Overfishing and Coral Reefs: Climate Change and Exploitation of Marine Resources*
- 2011 Viewpoint School (Calabasas, CA); guest lecturer: *Coastal upwelling in California*
- 2011 – 2012 National Museum of Marine Biology and Aquarium (Checheng, Taiwan), student education program
- 2009 – 2010 Texas Governor's School science research program for high school students, The University of North Texas.

PROFESSIONAL SERVICE

Journal Reviews

Nature Scientific Reports, PLoS One, Limnology and Oceanography, PeerJ, Ecological Engineering, ICES Journal of Marine Science, Frontiers in Marine Science, Frontiers in Physiology, Invertebrate Biology, Planta, Geophysical Research Letters, Coral Reefs, Wetlands, Nature Science Advances, Global Change Biology, Royal Society Open Science, Oecologia, Fungal Ecology, Nature Ecology and Evolution, Marine Ecology Progress Series, Ecology and Evolution, Science of the Total Environment

Grant Proposal Reviewer

National Science Foundation (NSF) Biological Oceanography Program (BioOce), NSF CAREER Program, King Abdullah University of Science and Technology (KAUST) Opportunity Fund Program (OFP)

Activities

- 2021 Invited Panelist: SOEST Mentoring Panel – *Effective mentoring during the COVID-19 pandemic*
- 2019 Invited Panelist: Parenting in Academia
Moku o Lo‘e Student Association, Hawai‘i Institute of Marine Biology
- 2018 Co-organizer committee (1 of 3 graduate students)
UH-Mānoa Dept. of Biology, 43rd Annual Albert L. Testers Memorial Symposium
- 2010 – 2011 Marine Biology Graduate Student Association (CSU-Northridge), Treasurer
- 2013 – 2015 Hazardous Waste Manager, Gates Laboratory, Hawai‘i Institute of Marine Biology

CERTIFICATION & PROFESSIONAL ORGANIZATIONS

International Society for Reef Studies (ISRS)
Society of Integrative and Comparative Biology (SICB)
American Society of Limnology and Oceanography (ASLO)
American Academy of Underwater Scientists (AAUS) SCUBA Research Diver (2010 – present)
Divers Action Network (DAN)
Boating certification, National Association of Boating Law Administrators (2016 – present)
NAUI Enriched Air Nitrox Diver (NITROX), NAUI Master Diver, NAUI Rescue Diver
Emergency oxygen provider and emergency first responder (DAN)
